

Great city.  
Greater events.

*Stay connected.*

# We Are CodeWalkers™

*powered by #nosleep*

Why?

the bigger the event

# Why?

the greater the number of people

Why?

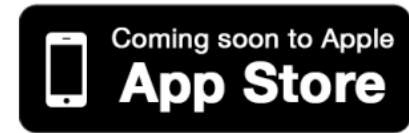

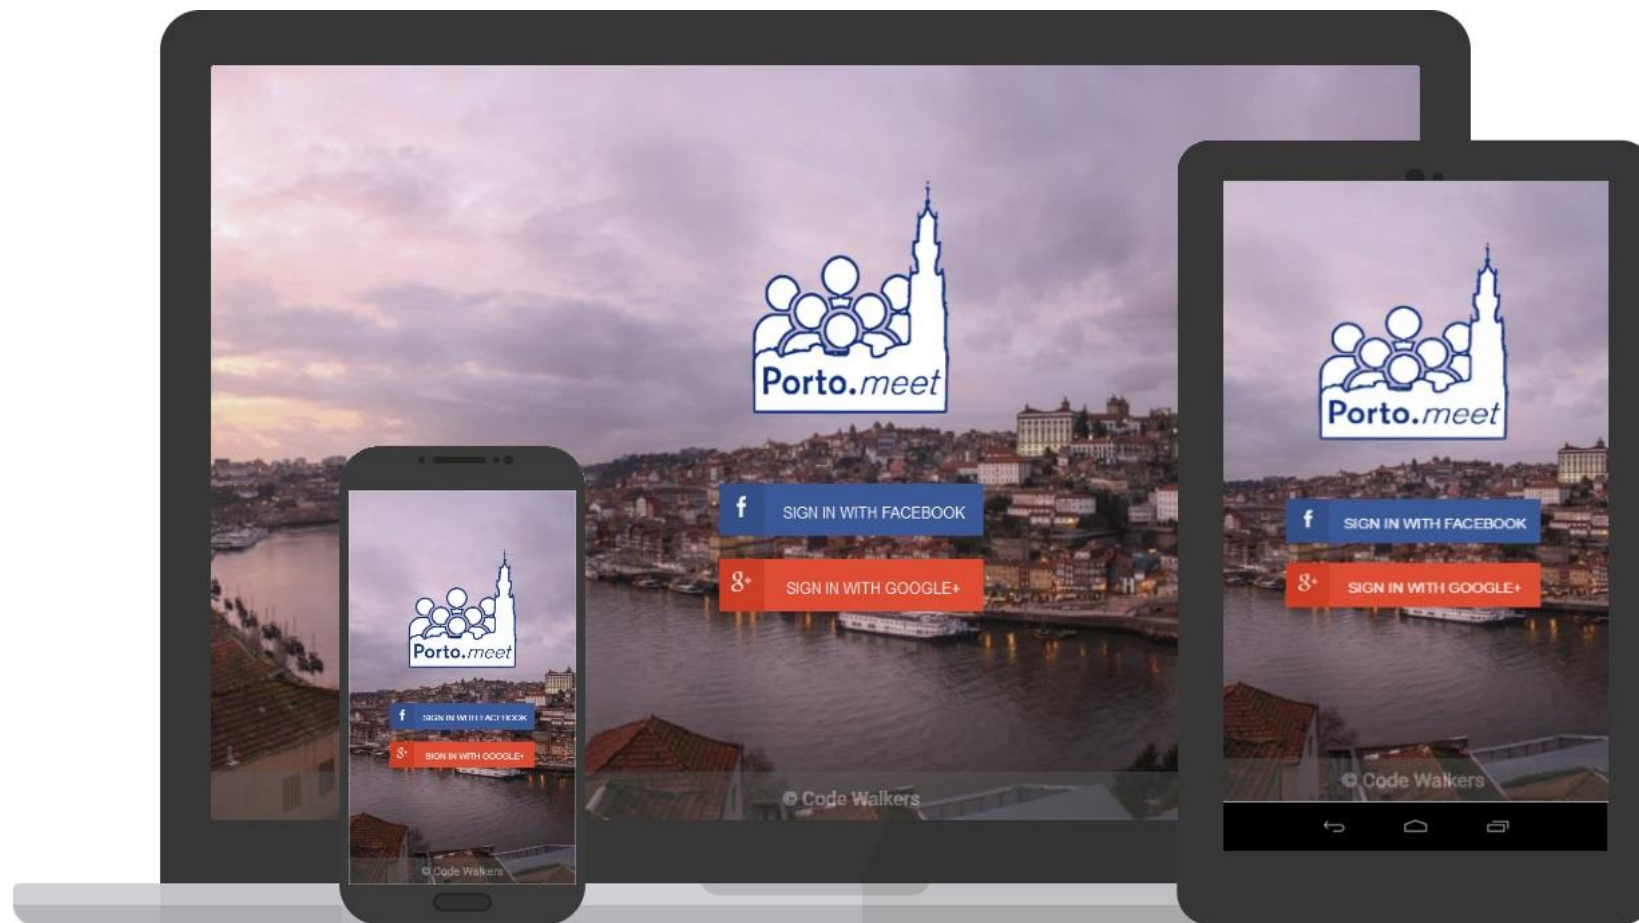

and the greater the mess

# A real scenario

# How?

# Demonstration

## Riley's Rule of Software Demonstrations

*The probability of failure of a software demonstration is directly proportional to the product of the number of people attending and the importance of the demo.*

Obrigado!
